- Aripiprazole
- Asenapine
- Dihydroergotamine

**TO REGISTER YOUR INTEREST  
PLEASE SEE BELOW**

As a result of an acquisition and a re-focussing exercise IPG is able to announce a rare opportunity for the discerning buyer to purchase a pipeline of products using sublingual spray technology for rapid buccal absorption utilising some game changing patents.

Each product is at different stages of development, the two most advanced are the Buprenorphine's and Sildenafil which are in phase two.

### Contact us

To register your interest please email [IP@icepharmagroup.com](mailto:IP@icepharmagroup.com)

For disclosure of further details on the products and the patents the first step will be an NDA/CDA.

However if you wish first to ask some essential questions email [info@icepharmagroup.com](mailto:info@icepharmagroup.com) requesting a call on Project Sombrero.
